Job Description

Overview

We're excited about elementary teachers who are fired up about their lessons—who want to spend their time discussing, preparing, and immersing themselves in the rich content they teach. We value teachers who truly listen to what students are saying—who create a space for students to think their way through to answers, and who praise their insights and curiosities along the way. We value educators with a hunger for feedback and professional growth, and a dedication to excellence.

Our teachers embrace a rigorous liberal arts program and a positive approach to discipline, believe in the power of family and community partnerships, and commit to helping students succeed in college and beyond.

Why extraordinary teachers teach at Ascend

Ascend is a network of K-12 public charter schools serving 5,000 students across 12 schools in Central Brooklyn. Our mission is to provide our students an extraordinary education, placing them firmly on the path to success in college and beyond.

We guide our students to think critically and independently, and to enjoy education as an end in itself. We teach a rich and rigorous liberal arts curriculum that nurtures students' natural curiosity about the world. We foster a positive, non-punitive school culture where students feel connected, empowered, and safe to take academic risks. And we design our school buildings to reflect the incredible accomplishments that happen within their walls and our high aspirations for teaching and learning.

To create this kind of vibrant learning community, we invest heavily in our faculty by providing ongoing professional training and support, and encourage our educators to collaborate closely and push each other to achieve great outcomes.
