

Lead Preschool Teacher

Little Lukes

Dewitt, NY

Teacher

Posted on July 26, 2022

Job Description

About the Lead Teacher Role

We are on the lookout for a Lead Teacher to join our preschool team. In this role, you will work with our phenomenal team of certified Special Education Teachers, Occupational Therapists, Physical Therapists, Speech Language Pathologists, School Psychologists, and Certified Teacher Assistants and to support the children in our care.

- *Provide exceptional care and instruction*
 - Support the development and education of preschool children, ages 3 to 5 years, within our Inclusive classrooms alongside a Special Education Teacher and certified TAs.
 - Teaches developmentally appropriate academic and social skills to prepare children for kindergarten through strong, language-based, whole group, small group, and one-on-one interactions.
- *Classroom Environment*
 - Help to create a positive, engaging, and structured learning environment where children are encouraged to be curious and excited to learn.
 - Implement effective classroom management.
 - Help to set and reinforce classroom expectations and routines.
- *Planning and Data Analysis*
 - Prepares goals and instructional materials.
 - Coordinate curriculum implementation with preschool team

- Communicate with team members, administrators, and parents regarding children's' development and behavior.

Qualifications

About You

You will thrive in the role of Lead Teacher at Little Lukes if you have:

- A passion for our mission to offer the best care and education for local children and their families.
- Expertise in delivering care for the educational, developmental, and social emotional growth of the children in your charge.
- A warm, engaging approach with a family-centered focus.
- The drive to work hard, to be your best self and to adapt to the constant change and evolution of care for children in their Early Childhood years.
- Exceptional communication skills (written and verbal) and an ability to share feedback across teams in a collaborative and solution-oriented way.
- A degree in Early Childhood Education or related field (Example: Elementary Education).
- An active NYS Teacher certification is required.
