Organization Statement

Brooklyn Kindergarten Society (BKS) has dedicated itself to providing high quality early childhood education to children from low-income families for the last 125 years. We serve nearly 450 children in full-day educational classes, each enriched with pre-literacy and language programs as well as arts and music instruction. BKS recognizes that families “the key to children’s success” often benefit from resources and support beyond the classroom. To that end, our social services staff provides counseling, referral services, and workshops for children and their families. We were rated one of the top seven school readiness programs in Greater New York (out of 1,700 organizations reviewed) by Root Cause Foundation. We provide full day, year-round care for children who are stimulated by the various curriculum studies initiated by them and guided by the principles of the Creative Curriculum.

Responsibilities

The Early Childhood Education Teacher is the head of the classroom and is responsible for implementation of developmentally appropriate curriculum (Creative Curriculum) as well as divvying out classroom related work to the Assistant Teacher and Teacher’s Aide. Early Childhood Education Teachers should be able to work collaboratively with colleagues, supervisor, and families to ensure quality education.

SCOPE OF INFLUENCE

- Assist in the direction of a class of students (maybe mixed age) through daily activities
- Communicates with families about children’s progress and work
