Posted on January 24, 2024

Organization Statement

Overview: University Settlement partners with 40,000 New Yorkers on the Lower East Side and in Brooklyn every year to build on their strengths as they achieve healthy, stable, and remarkable lives. For over 130 years, we've collaborated with our neighbors to pioneer highly effective programs that fight poverty and systemic inequality. Established in 1886 as the first Settlement House in the United States, we bring the values of that movement into the 21st century by meeting New Yorkers where they live, listening deeply to all perspectives, engaging with every individual holistically, and creating space for people to organize. Early Head Start offers comprehensive child development services, family support services and advocacy to low income pregnant women and families with children under three years of age. The program provides developmentally appropriate care and home visits to families in the Lower East Side, NY.

Responsibilities

Responsibilities:

- Coordinate and supervise the work of the staff in developing and maintaining a high quality child development program.
- Oversees the supervision of services for children with special needs.
