Organization Statement

Child Care Council of Nassau (CCCN) is dedicated to empowering families with the guidance and resources needed to find high quality childcare services, fostering the growth of innovative early childhood education in homes, centers, and schools, and supporting individuals on their journey to professional development and entrepreneurship in this vital field.?

Job Description

Join us at Child Care Council of Nassau, Inc., where your expertise will make a meaningful impact on early childhood education. As an Early Childhood Mental Health Consultant, you'll work hand-in-hand with educators to enhance their ability to provide vital social-emotional support and reflective practices. Your role will be central in building mental health competencies, ensuring children thrive in nurturing environments. We're committed to fostering innovation and professional growth, creating a space where your career can flourish.

Responsibilities

- Collaborate with educators to develop and implement strategies that enhance social-emotional learning in early childhood settings.
- Provide expert guidance and support to teachers, helping them integrate mental health practices into their daily routines.
- Conduct regular assessments to identify the mental health needs of children and recommend appropriate interventions.
- Facilitate workshops and training sessions for staff to build their capacity in fostering nurturing and supportive environments.

- Work closely with families to offer insights and resources that promote children's mental well-being at home and in school.
- Maintain detailed records of consultations and interventions, ensuring compliance with organizational and regulatory standards.
- Participate in team meetings to share insights and contribute to the continuous improvement of mental health programs and services.

Qualifications

- Master's degree in Social Work, Psychology, Mental Health Counseling, or a related behavioral health or counseling field required
- Licensed or licensed-eligible clinicians preferred
- Minimum of two (2) years of experience working with young children (birth to age five) and/or families with young children
- Experience coaching, training, mentoring, or teaching adult learners
- Working knowledge of typical and atypical early childhood development, as well as infant and early childhood mental health principles and practices
- Must obtain endorsement from the New York State Association of Infant Mental Health (NYSAIMH) within one (1) year of employment.
- Bilingual proficiency in Spanish and English preferred
- Willingness and ability to travel regionally across Long Island as needed
- Experience working within early childhood settings preferred
- **Minimum Education Level:** Master's Degree
- **Preferred Education Level:** Master's Degree

Additional Information

We offer a wealth of benefits that prioritize your well-being, including a 35-hour workweek, paid holidays, and a flexible schedule with one remote day per week. Our supportive culture includes vision and dental coverage, Early Fridays, and employer-funded Dependent Care or Health Reimbursement Accounts. At CCCN, your contributions are valued, and you'll be part of a forward-thinking team dedicated to empowering families and advancing early childhood education. Let's make a difference together.
