We ♥ New York Early Childhood Educators!

Hi! It's summer and we decided it would be a perfect time to introduce ourselves to those who may not know us. We are Louisa, Diana and Amy and together we lead the awesome New York Works for Children team! While we each come to this work with slightly different experience, we have a shared vision that helps guide our work every day. We LOVE the world of early childhood and we believe that teachers and child care providers should have access to the things that will help them do their jobs as best as they can. These things include:

Diana Diaz, The Aspire Registry Administrator
Amy Ludwig, Communications and Policy Manager

- ✓ Education and preparation that allow you to do your job to the best of your ability
- ✓ Ongoing support and professional development that helps you be more engaged with your work- and hopefully makes your day easier!
- ✓ Clear opportunities for career growth and advancement

We are proud of everything that we have accomplished in the last five years- and we have big ideas about what we can do in the future! Our work with members of The Aspire Registry is most fulfilling when we get to engage with all of you. We hope to count you as our partners in this work for a long time to come!

SPOTLIGHT We are thrilled to highlight the entire New York Works for Children team!

"We are a small, but mighty team of 14 people who work hard each day to make The Aspire Registry system accessible and useful for you! Collectively, we have 12 children under the age of 12 and more than half of us are bilingual. We are currently preparing for our annual strategy meeting, where we take the time to evaluate our work over the past year and brainstorm new ways to make our system even better."
